Dear Doctor Dowdall,

### **Responsibility for safeguarding the health of persons on board aircraft**

Further to my letter of 20 May 2013 I write to bring to your attention:

#### **AEROTOXIC SYNDROME: A NEW OCCUPATIONAL DISEASE?**

which was published on Monday in the WHO Public Health Panorama.

I also thought you would wish to be aware of the forthcoming International Cabin Air Conference 19-20 September to be held in London:

<https://www.aircraftcabinair.com/>

and, as Professor Howard is one of the speakers at this Conference, would take this opportunity of forwarding a pertinent copy of his submission to Dr J M Cranmer, Editor, NeuroToxicology,

dated 10 December 2014.

Kind Regards

Ian Panton
